VIJAYANANDH G

Java Full Stack Developer

Email : vijayanandhanandh377@gmail.com | **Address :** Pennadam , Cuddalore , Tamilnadu | **Phone :** 6374348609
LinkedIn : https://www.linkedin.com/in/vijayanandh-g-a759a62a2? | **GitHub :** https://github.com/Vijayanandh659

SUMMARY

Motivated and passionate Java Full Stack Developer fresher with a strong foundation in Core Java, Spring Boot, REST APIs, HTML, CSS, JavaScript, React.js, and MySQL. Skilled in developing responsive web applications and implementing backend services using Spring Boot and JPA/Hibernate. Familiar with CRUD operations, database integration, API development, exception handling, and frontend-backend integration. A quick learner with strong problem-solving skills and eager to contribute to a growth oriented organization while continuously improving technical skills.

TECHNICAL SKILLS

- **Programming Language :** Java , Python , JavaScript , MySQL.
- **Web Technologies :** HTML5, CSS3.
- **Libraries & Frameworks :** React.js, Spring Boot.
- **Tools & Platform:** GitHub, VS Code , Power BI , MS Excel, Maven , Postman ,Eclipse.

EDUCATION

B. Tech- Artificial Intelligence and Data Science — **10/2022 - 05/2026**
Sri Ramakrishna College of Engineering , Perambalur — **CGPA : 7.9**

12th Grade — **06/2021 - 05/2022**
Aruna Higher Secondary School , Eraiyur — **Percentage: 61%**

10th Grade — **06/2019 - 05/2020**
Sri Krishna Matriculation Higher Secondary School , Pennadam — **Percentage: 87%**

PROJECTS

1. Student Management System | ***Full Stack Java Developer*** — **August/2026 - Present**

Technologies: Java, Spring Boot, Spring Data JPA, MySQL, React.js, HTML, CSS, JavaScript, REST API, GitHub.

- Developed a Full-stack Student Management System to manage student records through a responsive React.js interface.
- Built RESTful APIs using Spring Boot for creating, retrieving, updating, and deleting student information.
- Implemented CRUD operations using Spring Data JPA and MySQL database.
- Developed student modules including personal, academic, parent/guardian, address, and profile photo details.
- Implemented search and filtering functionality based on student information, department, and status.
- Added student profile view, edit, and delete features with React Router navigation.
- Implemented Base64 image upload and storage for student profile photos.

- Connected the React frontend with Spring Boot backend using REST APIs and Fetch API.
- Configured CORS to enable communication between the React frontend and Spring Boot backend.
- Tested and verified APIs using Postman.
- Used Git and GitHub for source-code management and project version control.

2. Role-Based Leave Management System | *I-Tech Solution* **April/2026**

Technologies: Java, Spring Boot, Spring Data JPA, MySQL, HTML5, CSS3, JavaScript, REST API, Postman, Git/GitHub.

- Developed a full-stack Employee Leave Management System to manage employee details, leave applications, approvals, and leave status through a centralized web application.
- Designed and implemented RESTful APIs using Java and Spring Boot for employee management, user registration, authentication, and leave operations.
- Implemented CRUD operations using Spring Data JPA and Hibernate with MySQL for persistent data storage.
- Developed a role-based access system for Admin and Employee users to control access to application features.
- Built responsive frontend interfaces using HTML5, CSS3, and JavaScript and integrated them with backend REST APIs.
- Implemented employee functionalities such as applying for leave, viewing leave history, and checking leave status.
- Implemented admin functionalities such as managing employees and approving/rejecting leave requests.
- Used Postman to test and validate REST API endpoints and handle request/response workflows.
- Used Git and GitHub for source-code management and project version control.

TRAINING / COURSES

1. **Web development -** Hitakey Tech Solution Pvt Ltd Offer Workshop and learnt more.
2. **Full Stack Development -** I Completed Java Full Stack Course in Greens Technologies. I learnt frontend , backend and databases.
3. **AI for Beginners -** HP Life Provide AI course that can provide basic operations in AI.
4. **Guvi - ChatGpt For Everyone -** Prompt Engineering was learnt in chatgpt for everyone and easy to understand.
5. **Data Analytics -** Completed Internship by E-Soft IT Solution and learnt about tools like Power Bi, MS Excel,Tableau.

ADDITIONAL INFORMATION

- **Soft Skills :** Problem-Solving , Communication , Teamwork , Adaptability.
- **Languages** : English , Tamil.
- **Hobbies & Interest** : Editing , Crafting & Creative Projects.
